

# MODEL 7000 SERIES

## Incandescent Explosion Proof Drop Light (Stringer)

**EXPLOSION  
PROOF  
LIGHTING**

September 2018

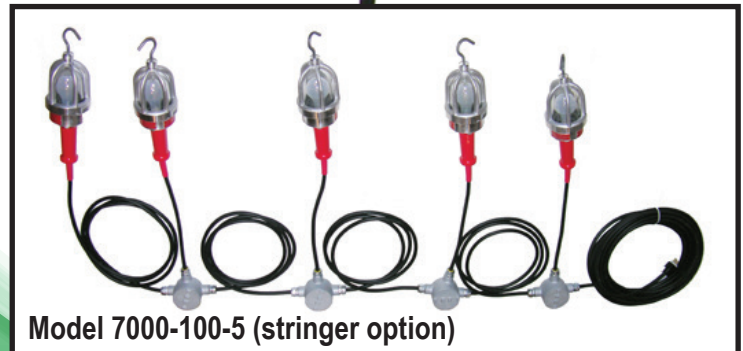

### Highlights

The 7000 Series | Incandescent Explosion Proof Drop Light is the classic, versatile rain tight and weather proof lighting option. With optional stringer configurations available, it is the typical explosion proof light system used for blasting & painting, confined spaces, and hazardous locations.
